MEMORANDUM FOR: Director of Central Intelligence
Deputy Director of Central Intelligence
Executive Director

FROM: Richard J. Kerr
Deputy Director for Administration

SUBJECT: Applicant Processing

I have formed a small group to examine the feasibility of collocating all those involved in processing applicants. Although this would involve splitting some functions--for example, those doing repolygraphs from those doing applicant polygraphs--some significant advantages should result.

 Building might be a good place to put such an "applicant center" but

I need to begin planning for space if such a decision is made. I'll keep you informed.
